

THE ENTERPRISE.

Volume 12.

SOUTH SAN FRANCISCO, SAN MATEO COUNTY, CALIFORNIA, SATURDAY, NOVEMBER 24, 1906.

Number 5.

Enterprise Building and Plant Progressing.

Work on the new enterprise building is progressing nicely. The machinery is on the way and will be installed as soon as the building is in shape to receive it. It is probable that by the first of the year South City will have the finest printing plant in the county.

Meeting to Incorporate.

Owing to the continued discussion as to the needs and desirability of incorporating South San Francisco the Board of Trade at their meeting Thursday night decided to call a mass meeting of the citizens of South San Francisco at Metropolitan Hall Monday evening, November 26th. It is earnestly requested that every citizen of our town be present on that night prepared to give their views and discuss the matter of incorporation. Talk it over and let us do what will be best for the upbuilding of our town not only for the present but for the future development of South San Francisco.

Demand for Houses Unsatisfied.

Notwithstanding the building boom still continues, the demand for houses is greater than ever before. Every house being built has from one to five applicants and rooms can not be had at any price. The opportunity for a good rooming house was never better and has become not only a need but an absolute requirement for the upbuilding of our town. Workingmen are leaving every day, not because they can not obtain employment but because they can not find a place to live. With the erection and completion of our new factories the demand will increase tenfold and the supplying of homes for our workingmen is and will continue to be the most important feature in the progress and upbuilding of our town.

Things Are Moving.

Things are moving in this vigorous infant city.

The moving shows the trend of events and forecasts the future of this fast growing center of industrial activity. A bunch of our enterprising citizens started in the other day to provide this town with a commodious auditorium as a place of assembly for athletic sports and other interests and utilities. A brief canvass resulted in subscriptions aggregating \$10,000, a sum deemed sufficient at the first glance, but at the meeting Monday evening, after a review of the situation and of the kind of building required, it was resolved to increase the subscription to \$17,500.

Another movement has been started to incorporate a hotel company with a capital stock of \$100,000 to buy a site and build a hotel of 100 rooms at the business center.

A big steam laundry is another new enterprise much talked of and which may soon materialize.

Houses are going up everywhere and yet such is the demand that there is a real house famine here.

Lots are sold every day and in nearly every instance the lot buyer becomes a house builder; yet there is no real estate boom. There are no real estate promoters here to create a boom. The activity is all wholesome and legitimate. The growth is entirely healthy. A year hence the present population of 3,000 will be found to have more than doubled.

The Barrett shooting case came up in the Justices Court Wednesday morning. Harry E. Styles and E. Tansky appeared as attorneys for the defendant, Judge Bullock and Attorney Crowley for the prosecution. The case was postponed until Wednesday, the 28th inst.

Fatal Accident at the Steiger Pottery

Last Tuesday at about 2 p. m. while working for the Steiger Pottery Co. an Italian laborer, by name John Frachia, was found lying on the floor of the pottery works near one of the machines, in a dying condition. The injured man was placed in a wagon and sent to the office of Drs. Plymire & Plymire, but died on the way over. Just how he met his death is not known, but it is supposed he was struck by a lever of the machinery. Upon investigation it was found there was a fracture of the skull at the base. The unfortunate man never gained consciousness, so that nothing could be learned from him.

The deceased was a native of Italy, 28 years of age, and lived with his brother, Adolpho Frachia, near the Catholic church. The remains were taken charge of by his brother and interred in the Italian cemetery.

Costlier Pavilion to be Built.

Pursuant to a called meeting, the subscribers to South San Francisco's new Pavilion met in Metropolitan hall Monday evening. The attendance was good and much interest was shown. Attorney Harry E. Styles was present with an outline for incorporating the company, also, as a representative from the Board of Trade. The resolution from the Board of Trade, wherein every offer of assistance and encouragement was offered was read and accepted and a resolution was passed thanking the Board of Trade for the interest manifested. The report of the executive committee was read and accepted.

Contractor Brucher presented plans for a pavilion 100 x 140 which he estimated to cost from \$14,000 to \$15,000. By a vote of the subscribers it was unanimously agreed to raise the subscription from \$10,000 to \$17,500, in order to pay for the building in cash. The books are therefore open and any one desiring to take \$100 or more in stock can do so by calling at the office of W. J. Martin in the bank building. It was further agreed that the executive committee be empowered to select a site at once. The next meeting will be held in Metropolitan hall Monday evening Nov. 26, at which time it is hoped a site will have been selected.

The New Elite Tonsorial Parlors and Bath Rooms.

Ed La Roche has leased of J. L. Debenedetti the large store in the large store in the Martin Buck Block on Grand Avenue now occupied by Mr. Debenedetti for his big grocery and hardware business. As soon as Mr. Debenedetti moves into his magnificent new store adjoining the old premises Mr. La Roche will fit up the present Debenedetti store as a home for The Elite Tonsorial Parlors in the very latest fashion with every modern accessory and improvement and will in addition put in elegant up-to-date bath rooms, making the entire enterprise a complete and perfectly equipped Barber Shop and Bath House.

New Musical Club.

Mr. and Mrs. W. M. Gorham of Pueblo, Col., have just recently taken up their residence in South City. Mr. Gorham is associated with the Smelter company.

Mrs. Gorham has for a number of years been an instructor in singing and piano. She will take up the same line here, and will receive private pupils in each. In addition to this she will organize a musical club among her pupils and this club will entertain their friends to an evening of music once a month.

Mrs. Gorham is a person of charming personality and we bespeak for her success in her art, among us.

New Meat Market.

The friends of Ed Kauffmann will be pleased to learn that he has decided to open a Meat Market in the new building being erected by Kauffmann Bros. on Grand Avenue. A first-class stock of meats and everything that goes with an up-to-date market will be carried. Here's success to you, Ed.

Big Lot Sale.

On Sunday last the Hensley Green Co. opened up a new tract near San Bruno Park just east of Tanforan Park. The sale was a big success, over one hundred lots being sold on that day. This is an index to the growth this peninsula is making, and is only another proof that it is only a question of a few years when this entire territory will be covered with homes and factories.

Bay Shore Road Soon to be Completed.

Work on the Bay Shore is progressing nicely and the completion of this important thoroughfare is promised at an early date. At the present time all the large tunnels are almost completed and rails are now laid to the China Basin, where a great deal of bridging will have to be done. The prospects for a train service over the Bay Shore in the early spring are bright and mean much to our town. With its completion we will have a passenger and train service second to none and the completion of this together with the cutoff at Dumbarton Point, will bring every train that enters San Francisco through this place. A boost now for our town, just at the turning point, is a boost in the right time. Every dollar and every effort put into South San Francisco now, will mean a return tenfold a few years hence.

Real Estate Notes.

Angelina Violetti has bought Lot 33 Block 117 and will build a residence at once.

Carlo Paraina has bought the Collins' property on Olive Avenue. He will remodel the building and occupy same as soon as he can get possession.

E. E. Dean has purchased Lot 19 in Block 127 and is building a residence.

Veroni Antoni has bought a lot on North Linden Avenue for residence purpose.

Blandini Marsiglio has purchased a lot in Block 126½ and will build at once.

E. S. Pike has the foundation laid for a modern bungalow on Grand Avenue.

Floyd Menzie has purchased Lot 31 in Block 97 and is erecting a cottage on same.

John Husted has purchased Lots 33 and 34 in Block 97 and has a cottage on same almost completed.

The Anjoux are erecting six modern cottages in Block 119 to be used for tenement purposes.

A. Dutra has his five-room cottage on Grand Avenue almost completed.

The twelve cottages being built by the Land Company will be completed by the first of the year.

W. J. Martin's two cottages on Baden Avenue will soon be ready for occupancy.

Chas. H. Stuermann has purchased Lots 47 and 50 in Block 97 and will erect cottages on same.

The new school house is being roofed this week and adds much to the appearance of our part of our town.

Lease To Let.

A business room will soon be for rent having frontage on Grand Ave. Parties wishing such will please call at the "Elite Tonsorial Parlor" and inquire. The lease will be for sale.

E. LA ROCHE, Prop.

Town News.

Geo. W. Lovie was up from Redwood City Sunday last.

Harry Johnson is building a neat little cottage in block 125.

Where did you get that hat? At Schneider's, of course.

Judge Bullock was in town Wednesday looking after the Barrett case.

L. B. Woodruff, of the Mayfield Republican, was a caller Saturday.

Dr. Turnbull now occupies the Rehberg cottage on Linden Avenue.

Just arrived a full line of Rubber Boots and Shoes at Schneider's.

Mr. Yates, a carpenter of San Francisco, has decided to locate in our town.

Closing out a fine line of Children's Shoes at 65c at W. C. Schneider's.

Thos. Burns left the first of the week on an extended trip to Omaha and the East.

Why be without Lace Curtains when you can get them at Schneider's for 75c a pair?

Mr. J. Davidson is now running the paper route, Mr. Achison having resigned.

Mr. Thos. Bannerman, an owner of valuable property here, was a caller Tuesday.

Beautify your home by planting trees. The season of the year for tree planting will soon be here.

Geo. T. Harlow, late State Guardian of the Yosemite Valley, and Mr. Rector paid our town a visit.

Thos. Burns returned from Omaha and the East Tuesday. Tom is glad to get back to Sunny California.

Work on the McSweeney Bros.' big hotel will soon begin. When completed it will be the finest in the town.

Something for the Ladies. Call and see our fine and up-to-date line of Belts and Lace Collars at W. C. Schneider's.

The Social saloon building has been repaired and painted and adds much to the appearance of that part of our town.

An entertainment and dance will be given on the 24th of November in Metropolitan Hall for the benefit of the South San Francisco Catholic Church. General Admission 25 cents.

Report reached this office Wednesday morning that Brakeman Witt, braking on a special freight on the S. P., was accidentally killed at Baden Station at about eight p. m. Tuesday evening. The train had been doing special work in the switch yards at this place and was returning to the city when the accident happened.

We are pleased to note the advancement of our little neighbor, San Bruno. Since the big lot sale a week ago, mention of which was made in the Enterprise, the Tanforan hotel has been opened, an athletic association organized and other important steps taken. Dances and boxing exhibitions will be given frequently and will add to the attractiveness of San Bruno as a residence town.

Owing to the rapid growth of his business and lack of storage room Tim Bresnan, proprietor of the "City Grocery" has decided to move into the new building being erected by Kauffmann Bros. on Grand Avenue. This building has a frontage of 27 feet on Grand Avenue and will make an ideal place for an up-to-date grocery. Tim will move as soon as the building is completed and will at all time carry a first-class stock of fancy and staple groceries.

Notice.

All water rent not paid between the 5th and 15th of each month will be declared delinquent and water turned off. Regular charges for reinstating you.

Colma Correspondence.

One of the very good resolutions of the recent Republican convention was that a good road should be built from the county line toward San Mateo. If such a road is built in a reasonable length of time we will cease to regret that we were defeated. Such a road means more to us than the pleasure of political success.

On next Saturday evening the ladies of South San Francisco will give an excellent entertainment and ball for the benefit of the Catholic Church in the Metropolitan Hall. Everybody is invited to attend and have an evening of enjoyment.—Redwood City Democrat.

Civil Service Examination.

The United States Civil Service Commission announces an examination on Dec. 5-6, 1906, to secure eligibles from which to make certification to fill at least four existing vacancies and vacancies as they may occur in the position of aid in the Coast and Geodetic Survey, at \$750 per annum. The examination is open to all citizens of the United States between the ages of 18 and 25 years on the day of examination. Further information may be had from the United States Civil Service Commission at Washington or from the secretary of the board of examiners for the Commission in San Francisco.

Big Receipts From Intercollegiate Game.

Receipts from the intercollegiate game last Saturday was unexpectedly large. Manager Sales has stated that \$27,168 were taken in at the gate, from which amount about \$400 will have to be deducted for expenses of advertising, railroad fare, etc. It is estimated that Stanford's share of the receipts will be about \$13,400.

The total receipts from the game last year were only \$24,022, which is accounted for in large measure by the fact that the game was played in Palo Alto.

California Promotion Committee.

(ORGANIZED 1902)

"PROMOTION" The act of promoting, advancement; encouragement." Century Dictionary.

The California Promotion Committee has for its object the Promoting of California as a whole.

It has nothing to sell.

Its energies are devoted to fostering all things that have the Advancement of California as their object.

It gives reliable information on every subject connected with the industries of California.

It gives Encouragement to the establishment of new industries and invites desirable immigration.

It is not an Employment Agency, although it gives information regarding labor conditions.

It presents the opportunities and needs in all fields of business and professional activity.

The Committee is supported by popular subscription and makes no charge for any service rendered.

Affiliated with the Committee are one hundred and sixty commercial organizations of the State, with a membership of over thirty thousand.

Meetings are held semi-annually in different parts of California where matters of State interest are discussed.

Headquarters of the Committee are maintained in San Francisco in California Building, Union Square.

Correspondence Invited.

Prepare Yourself for Rainy Season.

E. W. Langenbach is selling \$20 and \$17.50 Cravenette Rain Coats for \$17.50 and \$15.

Black Tibit, Vicuna and Mixed Cheviot Overcoats from \$10. up

Many Citizens Unfavorable to Annexation

[From Mayfield Republican]

The report of a recent meeting of the Palo Alto Board of Trade at which was discussed the proposition of securing a freeholders' charter for that city and the annexation of additional territory has been printed in nearly all of the papers of this part of the State and doubtless elsewhere.

Messrs. Carothers and Crane of the Mayfield Board of Trade attended the meeting referred to and claimed to represent the sentiment of Mayfield citizens as favoring the annexation of Mayfield to Palo Alto. This erroneous statement on the part of Carothers and Crane has of course received this widespread publicity and which is regretted by the Republican and many citizens.

That no large number of citizens favor annexation to Palo Alto is and has been well known. "Unless," as one leading property owner facetiously expresses himself, "Palo Alto wants to annex to our town under the much prettier name of 'Mayfield.'"

Mayfield, at the extreme outskirts of the territory proposed to be annexed to Palo Alto, certainly could gain nothing by annexation but would lose. Mayfield would in a sense be a mere "tail" to the "Palo Alto kite." Palo Alto, with its large number of votes, could elect a set of trustees favoring their own measures and interests and it would be few crumbs of comfort indeed that Mayfield would get.

In the matter of street and road improvements alone, we have a parallel illustration of what this annexation would mean in the instance of this section being remote from the thickly-populated centers adjacent to San Jose when anything is wanted at the hands of our supervisors. The excuse in this case is well known to be that they (the supervisors) have to consider the needs of the thickly settled portions of their districts first. The sparsely settled, outlying sections can go fish!

Candidates File Expense Accounts.

Wednesday was the last day for candidates—both defeated and elected—to file their expense accounts with the county clerk. For those who fail to do so severe penalties are provided by law.

A number have complied, however, and the following list shows what the campaign cost the candidates. Each office seeker is not allowed to spend beyond a certain percentage of his salary, and in the list which appears below no item of expenditure smaller than \$5 is accounted for. The law simply requires an account of the expenditures amounting to \$5 or over.

According to the statements the several candidates expended the following sums:

Jos. J. Bullock, \$182.50; Jos.

H. Nash, \$348.50; W. B. Gilbert, \$113.50; R. H. Jury, \$99; H. G. Plymire, \$141.50; C. D. Hayward, \$316.50; W. H. Underhill, \$183; R. S. Chatham, \$212; C. L. McCracken, \$95.25; P. P. Chamberlain, \$157.50.—San Mateo Leader.

Senator-Elect Black a Good Winner.

The official returns of the recent election, as announced by the Board of Supervisors after complete tabulation, give Marshall Black for Senator, a total of 2,839 to Shortridge 1,794. This gives Black a plurality of 1,042, instead of 927 as was shown by the unofficial returns. The mistake was made in not counting the vote of the Orchard and Jefferson districts in the Senatorial contest.

The total vote in the county was 13,214, about 16,000 voters being registered.

Palo Alto Celebrates Street Car Advent.

Thursday was a gala day in Palo Alto. From early morning until late at night crowds from neighboring cities thronged the streets to witness the opening of the rapid transit service. The electric cars began running for the first time at 8 o'clock in the morning and were crowded from the start. The pretty misses of the local churches, who volunteered to act as conductors, proved effective and within a few hours a considerable sum of money had been realized.

The operation of the electric lines marked the opening of the rapid transit system, which the promoters expect to complete within a short time, connecting Palo Alto with San Jose and Redwood City. The system at present is confined to two lines traversing the main thoroughfare of the city.

Games and races were held at the foot of the main thoroughfare. The exercises held in the afternoon attracted crowds of visitors. All of the local business men contributed to the "booming fund."

The young lady conductors were divided into three shifts and stayed diligently at their posts all day. They went on duty as follows: Morning shift—Misses McGilvray, Zschikke, Logan, Moore, Corrigan, Albee, Collier, Duncan, Hedden and Lynn; noon shift—Misses Altha Loder, Mary Loder, Heagan, Twombly, Pomeroy, Collier, Rose, Munsey, Harding and Zeller; afternoon shift—Misses Burke, McGovern, Corgan, Couch, Griffin, Arnold, Sturgiss and Stevens. In the first three hours the receipts were \$45.81.

Fares collected by the thirty young women who served as conductors on the new street cars at Palo Alto during the celebration Thursday, amounted to a total of \$289.59. This has been turned over to Dr. C. G. Baldwin by the committee of women in charge and has been banked in the name of the celebration central committee.

The largest individual fares collected Thursday were two \$5 gold pieces, while a number paid \$1 and \$2. The above total does not include the \$100 donation offered by I. E. Hanchett, president of the line. This will probably be turned over directly to the committee.

The total amount which will be received through the celebration and which will be divided among the churches, will probably be about \$500 instead of \$1,000, as first estimated. Ten churches will receive proportionate shares.

Whiskerless whiskers made to bloom at the Elite.

Proceedings San Mateo County Supervisors.

Monday the Supervisors took up the question of the incorporation of Colma as a city of the sixth class, and denied the prayer of the petitioners.

The petition for the incorporation of the town was signed by R. S. Thornton and others and was represented by Attorney Frank J. Burke of San Francisco.

A protest was presented, signed by nearly every resident of the Abbey Homestead, which lies between the county road and the cemeteries. They did not object to the incorporation of that part of Colma west of the county road, but vigorously opposed the original plan of taking into the proposed city their lands and a portion of the cemeteries. Attorneys Geo. C. Ross and Henry Ward Brown appeared for the protestants.

Mr. Burke argued that the law had been complied with in every particular, and that the petition for incorporation was a valid one.

Mr. Ross proved conclusively to the Board that the law had not been followed, and cited a Supreme Court decision directly in point. The fault was in the manner in which the affidavits accompanying the petition were prepared. There were three affidavits each signed by separate parties, certifying to the genuineness of the signatures of the signers on the petition. Neither of the three affiants attempted to certify to the correctness of all the names, and in this the fatal mistake was committed. The law requires one affidavit, signed by three parties who could vouch for all the names. As this part of the law had not been complied with, there was nothing for the Board to do but deny the petition, and this was done.

This makes the second effort to incorporate Colma due to non-compliance with the terms of the law.

W. J. Plump and Asa Hull, of the Grand Jury, addressed the Board, saying an examination of the county jail disclosed the fact that the building was in an unsafe condition and badly in need of repair. Some of the walls were thrown down by the earthquake and had not been repaired. They said it was impossible at the present time to build a fire in the jail or to use the kitchen.

Chairman Coleman said some months ago the Board had visited the jail, and after a thorough inspection had delegated the matter of repairs to Supervisor MacBain, but he understood that gentleman found it impossible to secure labor to perform the work. As to the use of the kitchen or the inability to build fires no intimation of that nature had ever come before the

Board from the Sheriff or any of his deputies.

Supervisor MacBain said he had experienced great difficulty in finding labor to perform the repairs, and when lately he finally secured the services of Mr. Brady that gentleman informed him the second story of the jail was beyond repair and would have to be rebuilt. He did not feel justified in going ahead, and intended bringing it before the Board. He forgot it at the next meeting, however, and at the last meeting he was confined to his bed by illness, and this was the reason he had not had the matter attended to.

The Board assured the Grand Jury men they would give the matter immediate attention.

A petition from Casey & Levy to lay water pipes in Millbrae Park was granted.

Nickel-in-the-slot Machines are Held to be Illegal.

License Collector Charles T. O'Connell of San Jose has caused to be removed from saloons the nickel-in-the-slot machines, sometimes known as merchandise slot machines. This action was taken on the receipt by the license collector of the following report from the city attorney:

San Jose, Cal., Nov. 14, '06.

C. T. O'Connell, License Collector:—In answer to your query as to the status of the nickel-in-the-slot machines which pay checks redeemable at the bar of the saloon where such nickel-in-the-slot machines are operated, and which said checks call for drinks or cigars, I would advise that such machines are clearly in violation of section 330 of the penal code of the State of California, as well as contrary to the provisions of an ordinance of the city of San Jose, and in consequence they are not subject to license.

Yours respectfully,
FRANK H. BENSON,
City Attorney.

San Mateo Notes.

Mrs. Mary E. Lee, former owner of the Hotel Mateo, has decided to erect a modern fifty-room hotel on the beautiful Mateo grounds. It will be conducted along strictly first-class lines and will be a great improvement to San Mateo.

John Miliarsky, F. McC. Brewer and M. M. Tonkins, Jr., petitioned the Supervisors to take action in regard to repairing the levees surrounding the reclaimed island track of the Brewer dairy, injured by the earthquake. A committee consisting of A. B. Ford, J. T. Jennings and E. A. Husing was appointed to levy a \$3,000 assessment on the land of the Seal Island.

For Travel East

There is no finer route than the Rock Island.

It operates through trains via El Paso and through cars via Salt Lake City and Colorado from California to Chicago.

Its passenger equipment and organization is superb.

I will help you plan your trip, quote rates, reserve berths, tell you what there is to see en route and why you should take the Rock Island.

Come in and talk it over or write.

C. A. RUTHERFORD, District Pass. Agent,
Ferry Building, SAN FRANCISCO.

TO MANUFACTURERS

The earthquake did but little damage to South San Francisco. The industries located here, the Western Meat Company, the Wool Pullery, the Butler Brick Company, the Pacific Jupiter Steel Company, the Steiger Pottery Works, the W. P. Fuller White Lead Works, and other enterprises, are all in full operation today. Not one of them having suffered any serious impairment by reason of the earthquake.

The South San Francisco Land and Improvement Company planned South San Francisco as a manufacturing suburb to San Francisco. With that object in view they originally purchased 3,500 acres of land in San Mateo County on the bay front five miles south of the City of San Francisco, and have developed their property so that today they possess perfected nearly every feature desired by manufacturers.

SOUTH SAN FRANCISCO

Is a railroad terminal; is on the main line of the Southern Pacific Railroad and accessible to all railroads; has deep water communication; owns and operates for its industries, a railroad connecting with the Southern Pacific and the water front; has electric street car service from factory to town and direct to San Francisco; has an Electric Light and Power Company; owns an independent water works, and has an abundance of fresh water for factory and house; has wharves and docks; a perfect sewerage system; a bank; a town hall; and a population of 3,000 people; an extensive and fine residence district, where workingmen may secure land at reasonable prices, and on favorable terms, as homes for themselves and their families.

✧ FACTORY SITES ✧

Can be obtained from the South San Francisco Land and Improvement Company on most reasonable terms.

The American Smelting and Refining Company recently purchased from this Company 200 acres of land and are on the ground today arranging for the immediate construction of a plant costing upwards of \$5,000,000. This means a vast increase in population, and a great augmentation for the benefit of all industries of every detail pertaining to rail and water communication.

*For Manufacturing Purposes South San Francisco Has No Equal
On San Francisco Bay.*
